SELL MORE, EARN MORE

• As you sell more products and complete eLearning courses, your earning status will advance through higher rewards tiers

• Once you reach a rewards tier, you will receive the base payout plus a bonus payout for every product sold thereafter—up to 200% bonus!

Example: If you earn 1,000 base points and complete at least 2 training courses, you will earn a 50% bonus at the Silver rewards tier. Therefore, a product worth 12 points, will earn 12 base points toward your rewards tier attainment and 6 bonus points for a total of 18 points.

• All showroom associates reset to the Starter rewards tier at the start of the new program year on July 1
